

# Why Premier Concrete?

We value quality & longevity. We don't cut corners.  
Do it right the first time with Premier Concrete.

## INTEGRATED APPROACH

- Project Management** to oversee your concrete project is included in your cost
- We have a **cohesive and tailored approach** to your concrete projects and how they integrate with planning, construction and rest of your home
- Our **dedicated landscaping division** is available on demand
- Groundworks, bobcat & waste removal services available for a **one stop service**

## QUALITY CONCRETE

- High-strength** quality concrete is supplied to **ALL** of our projects
- 32MPA Extra Strength Decorative Concrete** is our preferred selection
- Available in a wide range of mixes and colours. We'll recommend the right choice for your home.

## QUALITY INSTALLATION

- Poured 100mm deep** as standard (**instead of 80mm**), maximising strength and durability
- High-strength SL72 reinforced steel mesh** to **ALL** areas, including pathways
- Movement Joints** strategically placed and cut to mitigate risk
- Concrete chairs are used to **hold the mesh in place**
- Expansion Foam** is used to all perimeters
- Sealing is inclusive of cost**, including non-slip sealers to pool surrounds

## CONCRETE PUMP TRUCK

- Ensures quality** concrete placement & finish
- Assists pouring to **all site locations**
- Enables **safe** working environment

## SERVICE & CLEANLINESS

- Friendly, approachable & professional** at all times
- Respectful of your home**, we go above and beyond. No mess is left behind.
- We're a **family-run business** with strong business values
- Exceptional customer service**, we are your **one point of contact** throughout your project.
